AT-HOME THERAPY SERVICES OPENS OFFICE AT WATERFORD

FARGO, N.D. — At-Home Therapy Services has opened an outpatient office at Waterford at Harwood Groves, 1200 Harwood, in Fargo. This is the company's second office, and staff will provide physical therapy, occupational therapy and speech therapy to residents of the retirement community as well as for anyone living in the Fargo area.

“We’re excited about opening an additional location that’s so conveniently located,” says Roger Stroh, a physical therapist and owner of At-Home Therapy Services. “I really enjoy working with the residents at the Waterford, and this is a great opportunity to serve them as well as others in the area. I recall working with one of the very first residents who moved into the Waterford in 1998, and I hope to continue this care for many years to come.”

Waterford Executive Director Deb Magnuson is excited to have a therapy office on the premises. “This arrangement brings a new level of service to the Waterford community and to the broader Fargo community,” she says.

The office will be open Monday through Friday by appointment only. For inquiries or to make an appointment, individuals may call 701-793-5729.

Stroh has been providing physical therapy services for more than a dozen years and started his business a year ago.

Waterford provides resort-style retirement and is currently home to more than 125 people. Serving the Fargo-Moorhead metropolitan area since 1998, Waterford offers a wide range of single-level homes, apartment floor plans and living options.
